#### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

Classification acc. to GHS

| Section | Hazard class  | Category | Hazard class and cat-<br>egory | Hazard state-<br>ment |
|---------|---|----------|--------------------------------|-----------------------|
| 3.2     | skin corrosion/irritation   | 2        | Skin Irrit. 2                  | H315                  |
| 3.3     | serious eye damage/eye irritation   | 2        | Eye Irrit. 2                   | H319                  |
| 3.8R    | specific target organ toxicity - single exposure (respiratory tract irritation) | 3        | STOT SE 3                      | H335                  |
| 4.1C    | hazardous to the aquatic environment - chronic hazard                           | 1        | Aquatic Chronic 1              | H410                  |

For full text of abbreviations: see SECTION 16.

The most important adverse physicochemical, human health and environmental effects Spillage and fire water can cause pollution of watercourses.

#### 2.2 Label elements

acc. to Regulation (EC) No. 1907/2006 (REACH)

### 2,4-Di-tert-butylphenol

Version number: GHS 1.0 Date of compilation: 2023-01-11 Labelling - Signal word warning - Pictograms GHS07, GHS09 - Hazard statements H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. H410 Very toxic to aquatic life with long lasting effects. - Precautionary statements P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P273 Avoid release to the environment. P280 Wear protective gloves/protective clothing/eye protection/face protection/hearing protection/ .... P312 Call a POISON CENTRE/doctor if you feel unwell. P391 Collect spillage. P403+P233 Store in a well-ventilated place. Keep container tightly closed. P501 Dispose of contents/container to industrial combustion plant.

#### 2.3 Other hazards

Results of PBT and vPvB assessment According to the results of its assessment, this substance is not a PBT or a vPvB.

# SECTION 3: Composition/information on ingredients 3.1 Substances Name of substance 2 4-Di-tert-butylphenol

| Name of substance | 2,4-DI-tert-butyipne                |
|-------------------|-------------------------------------|
| Identifiers       |                                     |
| CAS No            | 96-76-4                             |
| Molecular formula | C14H22O                             |
| Molar mass        | 206.3 <sup>g</sup> / <sub>mol</sub> |
|                   |                                     |

#### SECTION 4: First aid measures

#### 4.1 Description of first aid measures

#### General notes

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

#### Following inhalation

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. In case of respiratory tract irritation, consult a physician. Provide fresh air.

#### Following skin contact

Wash with plenty of soap and water.

#### Following eye contact

Remove contact lenses, if present and easy to do. Continue rinsing. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart.

acc. to Regulation (EC) No. 1907/2006 (REACH)

### 2,4-Di-tert-butylphenol

#### Version number: GHS 1.0

Date of compilation: 2023-01-11

#### Following ingestion

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

# **4.2 Most important symptoms and effects, both acute and delayed** Symptoms and effects are not known to date.

# **4.3** Indication of any immediate medical attention and special treatment needed none

#### **SECTION 5: Firefighting measures**

#### 5.1 Extinguishing media

Suitable extinguishing media Water, Foam, ABC-powder Unsuitable extinguishing media Water jet

#### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products Carbon monoxide (CO), Carbon dioxide (CO2)

#### 5.3 Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Co-ordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

#### **SECTION 6: Accidental release measures**

#### 6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Remove persons to safety.

For emergency responders

Wear breathing apparatus if exposed to vapours/dust/spray/gases.

#### 6.2 Environmental precautions

Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it. If substance has entered a water course or sewer, inform the responsible authority.

#### 6.3 Methods and material for containment and cleaning up

Advice on how to contain a spill

Covering of drains, Take up mechanically

Advice on how to clean up a spill

Take up mechanically.

Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

#### 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

acc. to Regulation (EC) No. 1907/2006 (REACH)

### 2,4-Di-tert-butylphenol

Version number: GHS 1.0

#### SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling

#### Recommendations

- Measures to prevent fire as well as aerosol and dust generation

Use local and general ventilation. Use only in well-ventilated areas. Ground/bond container and receiving equipment.

#### - Specific notes/details

Dust deposits may accumulate on all deposition surfaces in a technical room. The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion.

#### Advice on general occupational hygiene

Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.

#### 7.2 Conditions for safe storage, including any incompatibilities

Managing of associated risks

- Explosive atmospheres

Removal of dust deposits.

- Packaging compatibilities

Only packagings which are approved (e.g. acc. to ADR) may be used.

#### 7.3 Specific end use(s)

See section 16 for a general overview.

#### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

Occupational exposure limit values (Workplace Exposure Limits) this information is not available

#### 8.2 Exposure controls

Appropriate engineering controls

General ventilation.

Individual protection measures (personal protective equipment)

Eye/face protection

Wear eye/face protection.

Skin protection

- Hand protection

Wear protective gloves.

- Other protection measures

Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended. Wash hands thoroughly after handling.

#### Respiratory protection

In case of inadequate ventilation wear respiratory protection.

#### Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

Date of compilation: 2023-01-11

acc. to Regulation (EC) No. 1907/2006 (REACH)

### 2,4-Di-tert-butylphenol

Date of compilation: 2023-01-11

#### Version number: GHS 1.0

### SECTION 9: Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

| Physical state   | solid (crystalline)                                       |
|--|---|
| Colour   | yellowish   |
| Odour  | characteristic  |
| Melting point/freezing point                             | 54 – 58 °C  |
| Boiling point or initial boiling point and boiling range | 263 °C  |
| Flammability   | this material is combustible, but will not ignite readily |
| Lower and upper explosion limit                          | not determined  |
| Flash point  | 115 °C  |
| Auto-ignition temperature                                | not determined  |
| Decomposition temperature                                | not relevant  |
| pH (value)   | not applicable  |
| Kinematic viscosity                                      | not relevant  |
| Solubility(ies)  | not determined  |

#### Partition coefficient

| Partition coefficient n-octanol/water (log value) this information is not available |  |
|---|--|
|---|--|

| Vapour pressure | not determined |
|-----------------|----------------|
|-----------------|----------------|

#### Density and/or relative density

| Density                 | not determined                                |
|-------------------------|---|
| Relative vapour density | information on this property is not available |

| Particle characte | ristics | no data available |
|-------------------|---------|-------------------|
|-------------------|---------|-------------------|

#### 9.2 Other information

|  | hazard classes acc. to GHS (physical hazards):<br>not relevant |
|--|--|
|--|--|

acc. to Regulation (EC) No. 1907/2006 (REACH)

### 2,4-Di-tert-butylphenol

Version number: GHS 1.0

Date of compilation: 2023-01-11

| Other safety characteristics |       |  |  |
|------------------------------|-------|--|--|
| Solid content                | 100 % |  |  |

#### **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

#### 10.2 Chemical stability

See below "Conditions to avoid".

#### 10.3 Possibility of hazardous reactions

No known hazardous reactions.

#### 10.4 Conditions to avoid

There are no specific conditions known which have to be avoided.

#### Hints to prevent fire or explosion

The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion.

#### 10.5 Incompatible materials

Oxidisers

#### 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

#### **SECTION 11: Toxicological information**

#### **11.1** Information on toxicological effects

#### **Classification acc. to GHS**

#### Acute toxicity

Shall not be classified as acutely toxic.

Skin corrosion/irritation

Causes skin irritation.

#### Serious eye damage/eye irritation

Causes serious eye irritation.

Respiratory or skin sensitisation

Shall not be classified as a respiratory or skin sensitiser.

#### Germ cell mutagenicity

Shall not be classified as germ cell mutagenic.

Carcinogenicity

Shall not be classified as carcinogenic.

#### Reproductive toxicity

Shall not be classified as a reproductive toxicant.

#### Specific target organ toxicity - single exposure

May cause respiratory irritation.

acc. to Regulation (EC) No. 1907/2006 (REACH)

### 2,4-Di-tert-butylphenol

Version number: GHS 1.0

Date of compilation: 2023-01-11

Specific target organ toxicity - repeated exposure

Shall not be classified as a specific target organ toxicant (repeated exposure).

#### Aspiration hazard

Shall not be classified as presenting an aspiration hazard.

#### **11.2** Information on other hazards

There is no additional information.

#### SECTION 12: Ecological information

#### 12.1 Toxicity

Very toxic to aquatic life with long lasting effects.

- **12.2 Persistence and degradability** Data are not available.
- **12.3 Bioaccumulative potential** Data are not available.
  - -----
- **12.4 Mobility in soil** Data are not available.
- **12.5** Results of PBT and vPvB assessment Data are not available.
- **12.6 Endocrine disrupting properties** Information on this property is not available.
- 12.7 Other adverse effects

Data are not available.

#### **SECTION 13: Disposal considerations**

#### 13.1 Waste treatment methods

Sewage disposal-relevant information

Do not empty into drains. Avoid release to the environment. Refer to special instructions/safety data sheets.

#### Waste treatment of containers/packagings

It is a dangerous waste; only packagings which are approved (e.g. acc. to ADR) may be used. Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself.

#### Remarks

Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

| SECTION 14: Transport information |   |  |  |  |
