

Effective November, 2019 Chemos has successfully REACh registered 1,12-Diaminododecane a novel crosslinker

November, Altdorf

Chemos has successfully REACh registered:

	Display Name:	Dodecamethylenediamine
	EC Number:	220-489-6
	EC Name:	Dodecamethylenediamine
	CAS Number:	2783-17-7
	Molecular formula:	C ₁₂ H ₂₈ N ₂
	IUPAC Name:	dodecane-1,12-diamine

Source: <https://echa.europa.eu/de/registration-dossier/-/registered-dossier/29535>

Type of registration: Full
 Volume band: 1-10MT
 EC Number: 220-489-6
 CAS Number: 2783-17-7
 Molecular formula: C₁₂H₂₈N₂

Information regarding Chemos

Chemos® is a leading supplier of ready to use solutions for the lab and chemical industry. We are producing reagents and standards for the analytical lab and supplying raw materials for the chemical and pharmaceutical industry. The base of our solutions are a portfolio of ~ 200.000 raw materials where ~ 50.000 are already available for R+D ready to order in our shop. We are supplying and producing lab quantities from tiny quantities up to 100 metric tons for worldwide shipping.

We are the specialist when you require complete new raw materials or hard to find products with a dedicated specification. Through our network of custom manufacturing companies and our own customizing capabilities, we could offer raw materials and ready to use solutions as requested. Our extended service portfolio around product supply and documentation like safety data sheet service is a unique combination and our offer to you.

Chemos® Solutions through service is the base of our activities. We are a service provider with manufacturing capabilities. We continue where other will stop since more than 24 years. Take advantage from our experience and contact us.
