

Effective December 10th, 2018 Chemos moved to a new plant with 2500m² area.

February 2019, Altdorf

Chemos moved effective December 10th, 2018 to the new location located in Altdorf Bavaria close to Landshut. The new location is covering an area of 2500m². The renovated building is giving space for the office and warehousing. The activities with regards to lab and R&D chemicals have been expanded to an area of 450m² with further potential for expansion.

The second floor of the new building is empty planned to get into use by end of this year. Regulatory approval has been initiated. Total investments at the new location will be by end of this year up to 1M€. This investment is the largest in history for Chemos and will increase the service activities tremendously. Chemos is considering all activities with regards to customized product supply and lab chemicals under service activities.

The new location will give us the ability to further focus and expand our support to our large chemical group and research customers at the same time. Our ability to support our distribution partners will benefit from this investment as well, explains René Gräwe CEO of Chemos.
